### Course Description (Catalog)

The primary emphasis of this course is to have students apply a dual---track accounting approach to nonprofit and state & local government transactions that show the juxtaposition of government---wide and fund financial statements in GASB's integrated financial statement model. The course provides up---to---date coverage of government accounting standards, nonprofit entity standards, integrates government & non---profit accounting research, and applies practical examples of those concepts in real---world settings.

### Course Scope

The primary goal of the course is to expand students understanding and application of government and non---profit accounting research, processes, planning, and execution. This course provides an in---depth analysis of a wide range of government and non---profit accounting topics. Topics include governmental operating statement accounts, budgets, accounting for general assets, accounting for long---term liabilities, etc.

### **Grading Scale**

Please see the [Student Handbook](#) to reference the University's [grading scale](#).

### **Citation and Reference Style**

Attention Please: Students will follow the APA Format as the sole citation and reference style used in written work submitted as part of coursework to the University. Assignments completed in a narrative essay or composition format must follow the citation style cited in the APA Format.

### **Late Assignments**

Students are expected to submit classroom assignments by the posted due date and to complete the course according to the published class schedule. The due date for each assignment is listed under each Assignment. As adults, students, and working professionals, I understand you must manage competing demands on your time. We all know that “life happens” but it is important to adhere as closely to the deadlines in the class as possible.

Should you need additional time to complete an assignment, please contact me before the due date so we can discuss the situation and determine an acceptable resolution. If arrangements are not made in advance, a late penalty of 10% will be assessed for any assignment submitted 1—7 days past the due date. Assignments will not be accepted after the 7th day. No work will be accepted past the final day of class.

### **Netiquette**

Online universities promote the advancement of knowledge through positive and constructive debate – both inside and outside the classroom. Forums on the Internet, however, can occasionally degenerate into needless insults and “flaming.” Such activity and the loss of good manners are not acceptable in a university setting – basic academic rules of good behavior and proper “Netiquette” must persist. Remember that you are in a place for the rewards and excitement of learning which does not include descent to personal attacks or student attempts to stifle the Forum of others.

- **Technology Limitations:** While you should feel free to explore the full—range of creative composition in your formal papers, keep—mail layouts simple. The Sakai classroom may not fully support MIME or HTML encoded messages, which means that bold face, italics, underlining, and a variety of color—coding or other visual effects will not translate in your e—mail messages.
- **Humor Note:** Despite the best of intentions, jokes and especially satire can easily get lost or taken seriously. If you feel the need for humor, you may wish to add “emoticons” to help alert your readers: ;—), :), ☺☺
