Course Guidelines

ACADEMIC HONESTY & PERSONAL INTEGRITY

The University System supports and promotes academic honesty and personal integrity. Any form of academic dishonesty has no place in higher education. The University System does not tolerate dishonest efforts by its students. Students who are guilty of academic dishonesty can expect to be penalized. Any student who knowingly assists another student in dishonest behavior is equally responsible. An additional violation of the standards of academic honesty within a course may result in dismissal from the University System. [Click here for the full APUS policy.](#)

In addition to the [university's plagiarism policy](#), students who are found to have submitted materials plagiarized from any online source, such as Course Hero, etc., will be reported to both the [Plagiarism Office](#) and the [Student Conduct Office](#) with the possibility of [failing the course](#) and/or [expulsion](#) from APUS. Use of said materials is [academic dishonesty](#) and will not be tolerated.

COURSE DELIVERY METHOD

This course is delivered via distance learning, enabling students to complete academic work in a flexible manner, completely online. Course materials and access to an online learning management system will be made available to each student.

Please note that everything is based on Eastern Time (ET). Many of you are located in other time zones. The clock at the top of the main classroom page is set to ET. Please use this as your guide.

WRITING AND FORMATTING EXPECTATIONS

Students will follow the APA Style Manual, 7th Edition as the sole citation and reference style used in all work submitted as part of coursework to the University. Any references used to complete assignments must be identified with properly formatted text citations and a reference page regardless of submission format (Word, PowerPoint, etc.).

APA formatting requires assignments to be submitted in a font and page set-up that is readable and neat. It is recommended that students try to adhere to a consistent format. A few of the most common APA requirements include the following.

- Typewritten in double-spaced format with a readable style and font and submitted inside the electronic classroom (unless classroom access is not possible and other arrangements have been approved by the professor).
- 12-point font size and Times New Roman style is preferred.
- Page margins (top, bottom, left and right) should be 1 inch, with reasonable accommodation made for special situations and online submission variances.

WEEKLY DISCUSSIONS

In all discussions, students are required to submit one initial post by Wednesday at 11:55 pm ET and a minimum of two replies to classmates by Sunday at 11:55 pm ET. For Week 1 only, initial posts should be at least 250 words, original in content, and demonstrate a thorough analysis of the topic. Replies should be informative, and contribute to advancing knowledge of the topic.

Participation in a Week 1 discussion serves as a student's official entry into a course and requires special attention. Students must complete the Week 1 discussion no later than Sunday at 11:55 pm ET in order to maintain registration in the course.

Discussion Interaction Guidelines

Online universities promote the advancement of knowledge through positive and constructive debate, both inside and outside the classroom. Discussions on the Internet, however, occasionally can degenerate into needless insults and other unproductive conversation. Such activity and the loss of good manners are not acceptable in a university setting; basic academic rules of good behavior and proper "netiquette" must persist. Remember that you are in a place for the fun and excitement of learning that does not include personal attacks or attempts to intimidate or stifle the discussion of others. Despite the best of intentions, jokes and, especially satire, can easily get lost or become unintentionally offensive. If you feel the need for humor, you may wish to add "emojicons" to help alert your readers.

COURSE ANNOUNCEMENTS

Instructors typically post announcements throughout a course to communicate information in regard to changes in due dates, clarifications on assignments, additional resources for lessons, etc. It is the responsibility of each student to review announcements on a regular basis to stay informed on any course updates.

ASSIGNMENT AND DISCUSSION DUE DATES AND LATE WORK

Students are expected to submit assignments and discussions by the due dates listed in the classroom. Depending on circumstances, assignments may not be accepted late or after the course end date. Submitting an assignment late may result in a penalty of up to 10% per day late, not to exceed a maximum of 50% (5 days late).^{*} Whether assignments are accepted late, or if a late penalty is applied, is at the faculty member's discretion.^{**} For discussions, since posting after a week has concluded provides no value to the course, no initial posts or replies will be accepted after the due date. Faculty may be more flexible if potential delays are communicated ahead of time.

^{*}Late penalties are applied before assignments are graded.

^{**}Programs with specialty accreditation and students with DSA accommodations may have different late policies applied.

Course content may vary from the content outline to meet the needs of this particular group.

Communications

Student Communication

To reach the instructor, please communicate through the MyClassroom email function accessible from the Classlist of the Course Tools menu, where the instructor and students email addresses are listed, or via the Office 365 tool on the Course homepage.

- In emails to instructors, it's important to note the specific course in which you are enrolled. The name of the course is at the top center of all pages.
- Students and instructors communicate in Discussion posts and other learning activities.
- All interactions should follow APUS guidelines, as noted in the [Student Handbook](#), and maintain a professional, courteous tone.
- Students should review writing for spelling and grammar.
- [Tips on Using the Office 365 Email Tool](#)

Instructor Communication

The instructor will post announcements on communications preferences involving email and Instant Messaging and any changes in the class schedule or activities.

- Instructors will periodically post information on the expectations of students and will provide feedback on assignments, Discussion posts, quizzes, and exams.
 - Instructors will generally acknowledge student communications within 24 hours and respond within 48 hours, except in unusual circumstances (e.g., illness).
 - The APUS standard for grading of all assessments (assignments, Discussions, quizzes, exams) is five days or fewer from the due date.
 - Final course grades are submitted by faculty no later than seven days after the end date of the course or the end of the extension period.
-
