

COMMENCEMENT **2023**

CONGRATULATIONS! On this momentous occasion, I hope that you truly stop to enjoy your accomplishment and celebrate with those you hold close. The day that you decided to study with American Public University System (APUS) was the first step in the start of your next chapter. This decision to begin your program is commonly known as the “butterfly effect,” where small changes in starting conditions can lead to vastly different outcomes.

Today, we celebrate the day that you started and the journey that you, along with 13,000 fellow graduates, have traveled to complete your degree. Now, we catapult you to the ranks of our American Public University (APU) and American Military University (AMU) alumni community.

As the son of first-generation parents, I know how transformative education can be for your life, the lives of your family, the lives of generations to come, and the community around you. I encourage you to embrace this day as the beginning of a new journey, and we wish you the best of luck for this new era as you seek to fulfill your professional goals.

At APUS, we are thankful that you chose us to be your vehicle for transformation; it has been an honor to serve you. We celebrate with you and will always be here, should you decide to pursue additional studies in the future.

We hope that you stay connected with our alumni community and cannot wait to hear about your future successes.

Congratulations to the Class of 2023!

Sincerely,

A handwritten signature in black ink, appearing to read 'Nuno Fernandes', with a stylized flourish at the end.

Nuno Fernandes

President

American Public University System

STUDENT SPEAKERS

STUDENT SPEAKER

GRADUATE CLASS

MATTHEW WARREN

Master of Business Administration, AMU

Matthew Warren is currently the Director of Operations at the 82nd Security Forces Squadron, Sheppard Air Force Base (AFB), Texas. He is responsible for the security and law enforcement functions of 140 civilian and military defenders who support the training of more than 65,000 officers and enlisted Air Force, Army, Navy, Marine Corps, and international students annually, as well as two wings, a Noncommissioned Officer Academy, and the world's only Euro-North Atlantic Treaty Organization (NATO) joint jet pilot training program.

Matthew grew up in Yukon, Oklahoma, and enlisted in the Air Force in August 2012. As an enlisted Airman, Matthew served as a Security Forces Defender from 2012 to 2020, attaining the rank of Technical Sergeant. He graduated from the University of Alaska-Fairbanks with a bachelor of arts in psychology and was commissioned in 2020 through Officer Training School, named as its Top Graduate. He completed Security Forces Officer Training in June 2020.

Matthew has also served as a Flight Commander and Nuclear Convoy Commander where he oversaw the transfer of national security assets, ultimately defending Department of Defense and NATO interests in multiple domains. His role included commanding the security of \$5.9 billion strategic assets, \$914 million aircraft, \$11 million facilities, 11,400 military and civilian personnel, and 108 mission partners, including Sandia National Laboratory and the National Aeronautics and Space Administration (NASA).

Some of his noteworthy accomplishments include the Pacific Air Forces Command's Outstanding Noncommissioned Officer of the Year Award (2019) and the Security Forces Officer Course's 1st Lieutenant Joseph Helton Leadership Award (2020). Matthew has also been the Airlift Tanker Association's 12 Young Leaders Award Recipient (2022).

STUDENT SPEAKER

UNDERGRADUATE CLASS

KEVIN PORDON

Bachelor of Science, Environmental Science, AMU

Kevin Pordon first began pursuing higher education in 2003. He had to leave college twice before deciding to join the United States Air Force in 2010.

He worked as a Hospitality Manager and also attended the Community College of the Air Force, earning an associate degree in hospitality administration and management. After separating from the Air Force, he became a steelmaker for Nucor in Milwaukee, Wisconsin.

In 2020, Kevin decided he was ready to overcome his past and earn a degree. In December 2022, Kevin was awarded a bachelor's degree in environmental science summa cum laude, ending a 19-year academic journey.

Today, Kevin is pursuing a master of business administration with a concentration in non-profit management from Concordia University-Wisconsin. In addition, he is diligently working to establish a charitable organization in the field of biology. His long-term goal is to leave a lasting impact on Earth's community of life.

IN MEMORIAM

IN MEMORIAM

ISAAC JOHN GAYO

Master of Arts In Management, AMU

Isaac John Gayo grew up in the Philippines. He loved computers and computer languages, eventually earning a B.S. at Mapúa Malayan Colleges Laguna.

In 2012, Isaac emigrated to Los Angeles, California, with his sister and father. At one point, he worked three jobs – at a local market, the Los Angeles Unified School District, and Universal Studios – to support his family in the U.S. and in the Philippines.

Isaac was a cheerful, kind, supportive, and caring person who was always willing to help anyone in need. He loved to laugh, travel, try new foods, and have a good time with his family and friends. Isaac was especially close to his sister Margaritta, helping her achieve their joint dream of buying a house.

In 2019, Isaac decided to join the Army to realize his dream of becoming a pilot. He attended basic training in Fort Jackson, South Carolina, and then went through advanced individual training in Fort Eustis, Virginia.

Over time, he achieved the rank of Sergeant and served in the 101st Airborne Division as a maintenance chief. During his service, Isaac studied hard to get into flight school and was accepted.

Isaac also received several awards for his military service: the U.S. Army Achievement Medal, the Army Good Conduct Medal, and the Overseas Service Ribbon.

Tragically, Isaac was one of nine soldiers killed on March 29, 2023, when two Black Hawk helicopters from his division crashed into each other. The fatal accident occurred during a nighttime training exercise near Fort Campbell, Kentucky.

Isaac was enrolled as a master of arts in management student with a project management concentration. The University has awarded Isaac a posthumous degree.

IN MEMORIAM

ALEX JUNIOR PIERRE

Bachelor of Arts, Criminal Justice, AMU

Alex Junior Pierre was born in Fort Myers, Florida, in 1997. The son of Haitian emigrants, he was extremely proud of his Haitian roots. He visited Haiti as a child, loved Haitian music, and enjoyed cooking Haitian food.

Alex was educated in a variety of public schools and eventually moved to Accomack County, Virginia, in 2012. He attended Nandua High School in Onley, Virginia, and had a reputation as an “old soul.”

He was on the football and track teams, but Alex was best known as the class clown because his sense of humor was infectious. Though Alex considered leaving high school to work full-time, he focused on graduating and chose to work part-time at Walmart, where he met his girlfriend Shannon Sturgis.

After Alex graduated from high school, he enlisted in the U.S. Army and completed basic training at Fort Sill, Oklahoma. In December 2016, Shannon picked Alex up from the airport and they drove directly to the Virginia Beach General District Court to get married. Alex, Shannon, and her son Kyleo then became a family.

In January 2017, Alex began his military career as an intelligence analyst. He left for Fort Huachuca, Arizona, to complete 13 weeks of Advanced Individual Training (AIT). He returned from a three-day mission to learn that Shannon had given birth to a second son, DaReese.

The Pierres then moved to Fort Riley, Kansas, for Alex’s first military assignment. There, he earned an associate degree in general studies from Barton County Community College.

In December 2020, Alex received orders to go to Fort Eustis, Virginia. He enrolled at American Military University as a bachelor’s student in criminal justice and earned a 3.7 GPA. His future plan was to transition into a career with the Department of Defense, the culmination of his childhood dreams.

In 2022, the family moved to the community of Seven Oaks in Odenton, Maryland. Alex commuted to Fort Eustis during the week and spent the weekends with his family, turning their new house into a home and riding his Suzuki GSXR 600 motorcycle.

At the time of his passing in July 2022, Alex was four classes shy of completing his studies. American Military University has posthumously awarded him an honorary bachelor’s degree in criminal justice.

IN MEMORIAM

TYLER JACK SWITZER

Bachelor of Arts, Homeland Security, AMU

Born in 1997, Tyler Jack Switzer grew up in Vacaville, California. With a strong interest in serving his community, he became a police cadet for the city of Vacaville and later became a Lieutenant Explorer for the Fairfield Police Department.

Tyler always had a passion for volunteering and sought to become a police officer after the completion of his bachelor's degree. He had an impact on everyone he met.

After his sophomore year of college, Tyler decided he wanted to take a break. He chose to join the U.S. Marine Corps, following in the footsteps of his younger brother Andrew, his dad, and his great-grandfather.

Tyler did not intend to remain in the military throughout his career, but he hoped to serve his country and see the world in the process.

After arrival at his first unit, Tyler was sent to advanced mortarman school, which is typically reserved for servicemembers who have achieved a sergeant's rank or higher. After completing the course, Tyler served as a mortarman instructor for his unit.

Tyler rose through the ranks on merit and was deployed to Saudi Arabia, Australia, and Iraq. In addition, he served in a unit sent to the U.S. southern border for a short period.

Before Tyler was honorably discharged in January 2022, he volunteered to be part of the last Special Marine Air Ground Task Force (SPMAGTF) before the Marine Corps retired that unit. It was the unit that ended up being in direct support of the withdrawal of U.S. troops in Afghanistan. Tyler earned a Navy and Marine commendation medal for that deployment.

While Tyler was on his deployments, he took courses through AMU to complete his bachelor's degree in homeland security. Before he got out of the military, Tyler had changed his mind about going into law enforcement, choosing to become a commercial airline pilot who wanted to fly for Southwest Airlines. Tyler was accepted into California Aeronautical University and was excited to start the next adventure in his life.

He was to start courses at California Aeronautical University on May 22, 2022, but died on May 13 due to a motorcycle accident and was buried at Sacramento Valley National Cemetery. His funeral was standing room only, with Marines, local law enforcement, first responders and many friends and family members coming to pay tribute.

His parents were presented with a flag from the police honor guard. This flag had been flown over the police departments in Vacaville and Fairfield and on two helicopter missions by California Highway Patrol.

IN MEMORIAM

SGT. DAVID SOLINAS, JR.

Associate of Science in Health Sciences, AMU

Sgt. David Solinas, Jr., of Oradell, New Jersey, was called home mid-flight on an Army medevac training mission in Kentucky on March 29, 2023, at the age of 23.

David was the second oldest of four boys, who all shared a very strong and unique bond. Over the last 23 years, there were barely any arguments and almost no physical fights between the brothers. They spent their younger days playing in dirt, fishing, kayaking, and enjoying many family adventures. Catching frogs and snakes, making s'mores and star gazing filled most of their summers. Home was loud with laughter and the sounds of dinosaurs, FIFA and eventually COD. Their relationships developed in many different ways, but their bonds grew stronger through Saint Joseph and ASCPG youth groups, scouting trips, soccer, and

wrestling. These memories are blessings, frozen and unblemished in time.

Beginning at the age of three, David believed he was Spider Man and truly lived out his dream of following in his superhero's footsteps. The 101st gave David the opportunity to swing through the sky on a cable as a flight medic, and the 82nd trained him to be a paratrooper medic. Ironically, David hated heights.

From a young age, David always brought smiles and laughter to whatever space he was in. Whether it was scouting, soccer, wrestling, or church, David always brought nothing but pure drive and commitment to everything he did, including his career in the United States Army. David was deeply committed to a life of service to his community and his country, affording him opportunities to pursue a lifestyle that most could only dream of. In his short 23 years, David accomplished what most people dream of: exploring the land through extensive travel, the air through his time with the 82nd and 101st airborne divisions, and the sea with his SCUBA license. David was currently finishing up his degree and planned on attending nursing school.

David is survived by his devoted and proud parents David and Ellen and his brothers Stephen, Brendan, and Aiden. He was the cherished grandson of Hannah Philpott and Mary-Lou Solinas. David will be missed by his beloved dog Scout, countless friends, his military brothers and sisters, and all who had the great pleasure of knowing him.

IN MEMORIAM

LTG. RICHARD G. TREFRY (1924 – 2023)

Lieutenant-General (retired) Richard G. Trefry had an outstanding Army career of 33 years. He served as an enlisted soldier during World War II, graduated from West Point during the Korean War, and commanded an artillery battalion in Vietnam.

In 1995, LTG Trefry joined American Military University's Board of Directors during the University's earliest and most formative period. In his over 20 years of service on the AMU Board of Directors, which later became the American Public University System (APUS) Board of Directors, LTG Trefry was a major participant in and contributor to every significant policy decision that shaped APUS as an institution of higher learning.

In 2010, AMU awarded an honorary doctorate of public service to LTG Trefry for his contributions to our nation. Similarly, his fellow Board members recognized his decades-long contributions to the growth of APUS by awarding him the designation of "Trustee Emeritus" in 2017.

LTG Trefry was truly an exceptional leader throughout his life, and we were fortunate to have had him as a member of our governing board. While we note his passing today, his legacy will live on through the Richard G. Trefry Library and the Richard G. Trefry Archives.

CHAPTER OF THE YEAR

Alumni Advisory Council

CONGRATULATIONS, GRADUATES!

Welcome to your alumni community! You share a special worldwide connection with over 129,000 fellow AMU and APU alumni. The Office of Alumni Affairs is honored and excited to share this accomplishment with you during the 2023 Commencement.

Your journey doesn't end here! As you take steps forward, we hope you will stay connected to the University community through continued engagement. This participation could be as simple as activating your alumni profile in the University Directory, so students and alumni following in your footsteps can connect with you.

We also have a host of alumni engagement programs. Consider serving as a mentor, representing your academic school on the Alumni Advisory Council (AAC), volunteering as a campus leader, joining a student organization, or helping us amplify our AMU and APU brands as a Social Influencer or University Ambassador!

There are several benefits and services available to you and accessible through your eCampus, including:

Academic Resources

- Access to the University Library
- Links to select your next program
- Transcript orders
- Contact information for service departments

Career Services

- Various resources for your job search
- Virtual Career Fairs
- CareerLink, the University's job board

Networking and Engagement

- Peer networking and mentoring
- Volunteer leadership and community service initiatives
- Alumni organizations and events
- University social media links

Additional Discounts and Benefits

- The campus store
- The alumni affinity and discount program, Abenity
- The monthly University newsletter, *The Insider*

The Office of Student and Alumni Affairs will be reaching out periodically to check in, but we hope you will continue to tell us about your promotions, honors, and life milestones through the [Share Your Milestones](#) form. Your story is an important part of ours, and we are proud of you!

Once again, we welcome you, congratulate you, and look forward to helping you maintain your relationship with the University. We wish you the very best in your future endeavors, and as always, we are only a phone call or email away.

Amanda Wilson-Echeverria
Associate Vice President, Student and Alumni Affairs

The Class of 2023 graduates are required to complete all degree requirements and have their degree conferred by the University System in order to be considered a graduate of American Public University System. At the time of publication, Latin Honors cannot be calculated for undergraduates in the June and August 2023 conferrals and are not denoted in this publication. Effective June 1, 2019, University Honors are no longer denoted. In addition, if your graduation application was received after April 1, your name may not appear in this printed publication.

Inclusion in this publication does not constitute that all requirements have been met for degree completion, and it does not mean conferral or graduate designation has been achieved. If you have questions about your degree status, please contact the Office of the Registrar at graduations@apus.edu.

THINK GREEN

American Public University System is dedicated to sustainable practices. In keeping with the university's sustainability practices, we're significantly reducing our paper consumption during Commencement 2023 by providing a digital program for graduates and their guests to view during the ceremonies. The 2023 Commencement program, with a full list of graduate names, will be available for viewing, downloading, and printing from our Commencement website.
